SHUBHAM FARERA

Senior Java Backend Developer | Java | Spring Boot | REST APIs | Microservices | SQL

Pune, India, 411021 • +91 9584368070 • shubham.farera@gmail.com • LinkedIn • GitHub

PROFESSIONAL SUMMARY

Java Backend Developer with 8+ years of experience in enterprise software development using Java, Spring Boot, REST APIs, and relational databases. Experienced in backend application development, API integration, debugging, testing, and maintenance across enterprise projects. Familiar with microservices architecture and modern backend design principles, with ongoing hands-on learning in system design and distributed systems.

TECHNICAL SKILLS

Professional Core: Java (8/11/17), OOP, Collections, Streams, Spring Boot, Spring MVC, Spring Data JPA, Hibernate, REST APIs

Databases & Quality: SQL, MySQL, Oracle, JUnit, Mockito, Unit Testing, Debugging & Troubleshooting, SonarQube

Tools & Build: Git, Maven, Docker, Jenkins CI/CD

Additional Knowledge: Apache Kafka, Elasticsearch, Redis, Microservices Architecture, Distributed Systems Concepts, HLD & LLD

PROFESSIONAL EXPERIENCE

IT Analyst (Senior Backend Engineer) — Tata Consultancy Services
Oct 2023 – Present

- Developed and maintained Java and Spring Boot backend services supporting enterprise business workflows.
- Implemented REST APIs for application features with input validation, exception handling, and database integration.
- Worked with Spring Data JPA and Hibernate for database operations, entity mappings, and business logic.
- Investigated application defects, resolved backend issues through debugging, and developed JUnit/Mockito test suites.

Application Development Senior Analyst — Accenture
Sept 2021 – Aug 2023

- Developed backend RESTful services using Java and Spring Boot to support wealth management business workflows.
- Implemented and integrated REST APIs with internal backend modules and external financial service gateways.
- Wrote and maintained database queries and entity mappings using Spring Data JPA and Hibernate for data processing.

Application Development Analyst & Associate — Accenture
Feb 2018 – Aug 2021

- Developed backend REST APIs using Java, Spring Boot, and JPA for order processing workflows with validation and error handling.
- Developed core Java application modules and scheduled batch processing jobs; authored JUnit tests and resolved defect tickets.

SELECTED HANDS-ON PROJECTS

Parking Lot System | Java, Spring Boot, REST APIs, Object-Oriented Design — github.com/sfarera

- Implemented low-level design using Factory and Strategy patterns for parking spot allocation and dynamic fee calculation; exposed REST APIs for check-in/out.

Movie Ticket Booking System | Java, Spring Boot, JPA, Transaction Management — github.com/sfarera

- Engineered booking service with concurrency handling and transactional seat locking (@Transactional) to prevent double-booking.

EDUCATION

Bachelor of Engineering (B.E.) in Information Technology
SGSITS Indore (2013 – 2017) | **CGPA: 7.1 / 10.0**

CERTIFICATIONS

Microsoft Certified: Azure Fundamentals (AZ-900)
Microsoft • Certified, 2023
